Day 1: Fundamentals of Computer (21 July 2025)

Conducted by: Prof. Deepali Kawthekar

The program commenced with an inaugural session, followed by an engaging lecture by Prof. Kawthekar. The session covered the **basics of computer systems**, including hardware and software components, their functions, and the history of computing. She used a combination of presentations and interactive Q&A sessions to ensure students grasped core concepts like input/output devices, processing units, and different types of memory. The focus was on building a strong conceptual base, which is crucial for subsequent technical subjects.
