Sub: About updating the syllabus for the subjects in the courses of BBA, BCA, & BCS.

Respected Sir,

There is an urgent need to update and restructure the syllabus for the subjects in the courses of BBA, BCA, & BCS, which would help the students to make themselves job ready. We feel that a graduate from these faculties need to have relevant skills to his resume. Its important to incorporate as many as job related and industry required skills on the resume of the students.

The Faculty of Management Science and Computer Science are blend of technology with management skill. The students studying in the programs of BBA, BCA, BCS are expected to master both hard and soft skills for their career development. In everchanging business environment employers need talent with multiple skill-sets which has become the challenge for the students pursuing the graduation. The syllabus hardly meets the requirement. Surprisingly the syllabus for Communication Skill seems to be the failure.

The courseware of Communication needs drastic changes as students are weak in expressions. [both in written and verbal].

We feel that there is an urgent need to address the issue. Hope to have the timely action so as to incorporate the changes from coming academic year 2022-2023.

Kindly find enclosed the proposed changes in curricula.

With Regards.
